RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In complete response to the Restriction Requirement issued on July 30, 2003,
Applicant hereby elects, with traverse, the claims of Group I (i.e, claims 1-15, drawn to
composition of a catalyst) for further prosecution in the subject application.

The election is being made with traverse on the basis that it is believed that there is
sufficient interrelationship between the various groups of claims to warrant examination of
all the claims in a single application. This being the case, it is submitted that a complete
search of any of the groups of claims would turn up relevant art with regard to the other
groups of claims, and thus not pose an undue burden on the U.S. Patent and Trademark
Office should all of the claims be examined at one time. In fact, it is submitted that

examining all the claims in the subject application would reduce the clerical and paper load for both the U.S. Patent and Trademark Office, as well as Applicant, and thus be a benefit.

Accordingly, favorable reconsideration and withdrawal of the Requirement for Restriction are most respectfully requested by Applicant. Applicant again confirms, however, that the claims of Group I, i.e., claims 1-15, are in fact elected for further prosecution in this subject Application should the Examiner's Restriction Requirement be maintained.

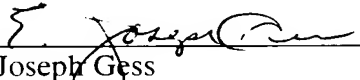

Should any questions arise with regard to the forgoing, the Examiner is invited to contact the undersigned local counsel to Applicant at 703-838-6622.

Further and favorable action in the form of a Notice of Allowance with regard to all the claims of record are believed to be next in order, and are therefore earnestly solicited.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
